repair of data-technical installations; network management namely installation and maintenance of network systems (hardware); maintenance of power, fresh-water and waste-water plants and network systems; maintenance of waste-water and fresh-water systems; installation, repair and maintenance of electric counters and meters for currency, gas and water; plant-engineering services, namely construction (assembly and disassembly), building, installation, maintenance, servicing, renovation, modernization, (construction, installation and repair), expansion, modification, rebuilding (construction and repair) and repair of waste-water and fresh-water systems, lines and other installations for feeding and drainage, sanitary installations, heating, ventilation and air-conditioning systems, industrial plants, machineries and parts thereof, technical apparatus, systems and equipment for the protection of buildings, plants, means of transport, domestic appliances, equipment of entertainment electronics and information technology as well as photovoltaic systems, supply lines (e.g. gas and electricity), buildings and parts thereof; installation, servicing and maintenance of systems for the generation, transport and distribution of heat inclusive of measuring instruments for others; construction and maintenance of gas pipes and related installations, in particular blending, gauging and control stations as well as stations for importing and exporting gas, storage-type plants and telecommunications systems; repair services, namely repair of data-technical systems, network systems, distribution and transportation networks, waste treatment plants, power stations, power generation and distribution plants, waste-water and fresh-water systems and networks, buildings, sanitary installations, heating, ventilation and air-conditioning systems, industrial plants, machine plants and parts thereof, technical apparatus and electric street lighting; maintenance and repair of gas filling stations; maintenance and repair of gas-fuelled vehicles; maintenance of waste treatment plants, sewage treatment plants, gas storage plants, gas supply plants, gas transmission lines and related installations, in particular blending, gauging and control stations as well as stations for gas import and export of gas, storage systems and telecommunications systems, power generation and distribution plants, fuel cells, wind power stations and photovoltaic stations, natural gas / solar thermal systems, landfill-gas power stations, distribution networks, geographic information systems, cable infrastructures, wide area networks, local area networks, telecommunications systems, installations in buildings, special-purpose networks, fire alarm systems, detection systems and other media-oriented installations (hardware); network management, namely installation and maintenance of network systems (hardware); maintenance of data-technical systems (hardware); construction of web stations (hardware); repair, maintenance and servicing of vehicles; cleaning of vehicles; installation of fixed-network connections; construction, establishment (construction) and maintenance of cable infrastructures, wide area networks, local area networks, telecommunications systems, installations in buildings and special-purpose networks, fire-alarm systems, detection systems and other media-oriented installations (hardware); construction and maintenance of telecommunications networks along with the transmission and switching technology including network management (hardware) related thereto; establishment (construction) and installation of distribution and transportation networks; construction of telecommunications systems, electro-acoustic systems, voice-communication systems, community antenna systems; installation and repair of voice-communication systems essentially consisting of radiophones, radio masts and radio receivers; installation and repair of community antenna systems essentially consisting of receiving antennas for radio and television signals, aerial wire and wiring; establishment (construction) of consumer systems (for gas/natural gas, short-distance heating, cooling); services of a painter; installation and maintenance works within the scope of services of an electrician, sanitary engineer, joiner, concrete worker, well sinker, paver, building-construction worker, road worker, specialist for thermal and sound insulation, carpenter, electro-mechanic, specialist for heating and air-conditioning systems, refrigerating-plant builder, all aforementioned services are included in this class; assembly and disassembly of furniture; automation of buildings, namely installation, repair and maintenance of heating systems, air-conditioning systems, ventilation systems, sanitary installations, regulation and control systems, each of them also remote-controlled; installation of systems and facilities for remote operation and control of equipment and facilities in the house and in the garden; repairs, namely detection of malfunctions (also by way of remote diagnosis) and correction of such malfunctions in equipment and facilities in the house and in the garden; installation and maintenance of computer hardware for the transfer of data for remote reading of current meters; operation of gas filling stations, namely fuelling of vehicles.

(511) **Klasse 38:** Telecommunications services, in particular electronic bulletin board services; rental of telecommunications networks together with the transmission and switching technology included therein and including the network management related thereto included in this class; providing user access to a global computer network; providing user access to computer programmes in data networks; providing user access to computer programmes for the creation of Internet pages in data networks; providing access to software in data

networks granting access to the Internet and thereby to text, images, audio-visual offers, multi-media offers, data bases and computer programmes on the Internet; providing user access to measured values of current meters on the Internet; email data services; transmission of data via the Internet; connection of Internet domains and email addresses in computer networks; on-line services, namely transmission of messages, images and information of any kind; web messaging, namely conveyance of messages of any kind to Internet addresses; providing telecommunications connections to a global computer network; interactive videotext service; teleprint service; broadcasting of television programmes and radio programmes; telephony services; broadcasting of cable television programmes; communication via fibre-optic networks; telecommunications routing and junction services; mobile-phone services; collection and delivery of messages; transmission of messages; transmission of messages and images by computer; electronic transmission of messages; rental of equipment for the transmission of messages; paging service by radio, telephone or other means of electronic communication; services of a news agency, in particular collection and delivery of press reports; broadcasting of radio programmes; satellite transmission; telephone service; telegraph service; telegraphing; telegram service; transmission of telegrams; information about telecommunications; teleconference services; rental of telecommunications systems, in particular of facsimile units; modems; telephone sets; providing user access to information in data networks; rental of mobile phones and provision (rental) of substitute mobile phones; Internet by call, namely providing accesses to the Internet by separate dialling into a network and separate billing of each dialling without the need of entering into a permanent contractual relationship with the network provider; operation of chat lines, chat rooms and discussion forums on the Internet; transmission of data via electricity grids (Powerline); rental of fixed lines; pre-selection telephony; call-by-call telephony; providing Internet portals for others; providing portals and platforms on the Internet; providing electronic information, communication and transaction platforms on the Internet; placing of Web pages on the Internet for others; provision and rental of access times to databases with data mining and data request facilities.

(511) **Klasse 39:** Transportation; packaging, storage and delivery of goods of all kinds; organization of travels; preparation and distribution of fresh water; rental of transportation networks for the transmission of energy to others as included in this class; distribution of gas, heating power and energy to supply others, in particular customers in the industry, with, in particular, current, gas, water and heat (short-distance and long-distance heat) and refrigerant, and to supply others with current, gas, water, heat (short-distance and long-distance heat) and refrigerant; rental of vehicles; collection, storage, deposition and transport of waste; logistics services in the field of transportation; removal services, in particular rental of removal vehicles, logistics services with regard to removals; realisation of removals; distribution of fuels, in particular distribution of gaseous fuels by means of pipelines, storage of fuels, in particular in underground pore-space stores and caverns; supply and distribution of gas; supply of consumers with gas; conveyance of gas, generation, transport and distribution of heat from natural gas; heat generation, heat transport and heat distribution plants; LNG storage; transport, storage and supply of energy via the mains, also based on service contracts with third parties, as well as services in connection with the transport of gas and liquids, need-dependent distribution of current and other energy quantities via the mains; transport of gases and liquids, in particular of natural gas via the mains, also on the basis of services contracts with third parties and services in connection with the transport of gases and liquids, procurement of transport capacities within the mains of third parties included in this class; storage of gas, in particular of natural gas, for third parties; filling of gas into transport containers for others.

(511) **Klasse 40:** Material processing; generation of energy and heat (short-distance and long-distance heat); generation of power by operation of fuel cells, wind power stations and photovoltaic stations; conditioning of gas, in particular of natural gas and petroleum gas; treatment of gas, in particular liquefied gas, for others; chemical treatment to generate liquefied gas; reconstruction of supply lines (e.g. for gas and electricity) by means of material processing.

(511) **Klasse 41:** Education, training; conducting training courses; sports and cultural activities, operation of a football and sports stadium; radio and TV entertainment; editorial production of films, television, radio, interactive videotext, videotext, teletext programmes and broadcasts; rental of cine-films; publication of printed matter (except for advertising purposes), in particular books, newspapers and journals; entertainment, also on the Internet; rental of entertainment films; performance of games, also on-line; publication of printed matter in electronic form, also on Intranets and on the Internet (except for advertising purposes); providing on-line electronic publications (not downloadable), publication of printed matter, also in electronic form (except for advertising purposes); employee training; planning and organizing of educational events.

(511) **Klasse 42:** Engineering services for gas, water and long-distance heat networks; design and development of computer hardware and software; weather forecast, also on-line; environment-related services, namely consultancy in the field of environmental matters, technical development of concepts for the management of risks to the environment; technical advising and surveying; technical advising on the operation of distribution networks and transportation networks; services of an engineer; technical planning of power plants; services of a technical and ecological advisor in the field of energy, in particu-

fortsættes

lar technical advising on energy matters for households, trade and industry; technical advising in connection with energy-saving measures and the optimization of heating systems; energy management, namely technical advising on and planning of power generation and distribution plants, fuel cells, wind energy stations and photovoltaic stations; technical planning and supervision of gas transmission pipelines and related installations, in particular blending, measuring and control stations for the import and export of gas, storage installations and telecommunications systems; technical projecting, technical advising, planning and technical control of power generation and distribution plants, fuel cells, wind power stations and photovoltaic stations; providing of expertises on technical issues in connection with energy, gas and lighting systems; development of technically and ecologically holistic energy concepts (consultancy in the fields of environment protection and energy); services in all fields of energy and water supply and distribution, namely preparation of energy and economy oriented analyses and technical concepts having regard to ecology and infrastructure; technical measurements of current and natural gas; provision and rental of gas meters, current meters and water meters; rental of measuring instruments, in particular of instruments for measuring current consumption; rental of control instruments, in particular of instruments for controlling current consumption; rental of measuring instruments for heat consumption; development of software architectures, modules and interfaces for electronic and electric appliances, component parts and systems; installation and maintenance of computer software for the transfer of data for remote reading of current meters; technical planning, control and constructional engineering of piping systems; services of an engineer for plants for the conversion and application of electric power and gas; technical planning of telecommunications networks together with the transmission and switching related technology included therein, and the network management allocated thereto; technical monitoring of geographic information systems; technical inspection of equipment, machinery and installations of every description; network management, namely installation and maintenance of network systems (software); technical monitoring of cable infrastructures, wide area networks, local networks, telecommunications systems, installations in buildings and special purpose networks, fire alarm systems, reporting systems and other media-oriented installations; maintenance of Internet portals for others; operation of a service hotline for Internet users, i.e. advising by telephone in connection with the use of search engines; operation of service hotlines, i.e. advising by telephone on technical matters; technical creation of multimedia presentations by software programmes; advisory services relating to design of homepages and Internet pages; services of a database, namely operation of search engines for the Internet; creation and layout of websites and parts of websites on the Internet by means of computer-generated images and sounds (computer animation); server administration; consultancy in the field of telecommunications technology; rental of software for Internet accesses; electronic data storage for others; design of homepages and web pages; services of an Internet agency, namely conceptual formulation, maintenance and administration of Internet contents, advising on hardware and software matters, implementation of EDP programmes in network structures and digital storage of software, data, images, audio and/or video information; rental of data carriers with software, data, images, audio and/or video information stored thereon included in this class; services of a certification centre (Trust Centre), namely allocation and administration of digital codes and/or digital signatures; digital image processing; rental of web servers; providing of storage space on the Internet; technical advising in the field of the Internet; checking of digital signatures; storing of web pages on the Internet for others; development of software for Internet and Intranet applications; consultancy in the field of communications technology, technical advising in the field of geographical information systems; technical monitoring of power, fresh-water and waste-water systems and networks; technical monitoring of distribution networks; design of programmes for data processing, in particular of programmes for use in the field of gas transmission and use of gas as well as in the field of power supply contract brokerage; technical consultancy in the field of electric and thermic power generation; technical planning of gas installations, in particular of liquefied gas installations.

(511) **Klasse 43:** Services relating to the board and lodging of guests; operation of canteens, casinos and restaurants; catering of staff and guests in canteens and casinos within the scope of business enterprises, public authorities and other public institutions.

(511) **Klasse 45:** Exploitation of industrial property rights by granting licences; granting of licences; legal consultancy and representation; software licensing; allocation, registration and management of domain names and E-mail addresses.

journals (parts of machines), shock absorber plungers (parts of machines), dashpot plungers (parts of machines), anti-friction bearings for machines, anti-friction pads for machines, reels (parts of machines), drill chucks (parts of machines), heat exchangers (parts of machines), filters (parts of machines), boiler tubes (parts of machines), crankcases for machines, motors and engines, expansion tanks (parts of machines), connecting rods for machines, motors and engines, transmission tube conveyors, motors and engines other than for land vehicles, hydraulic engines and motors, driving motors other than for land vehicles, propulsion mechanisms other than for land vehicles, jet engines other than for land vehicles, cylinder heads for engines, starters for motors and engines, igniting devices for internal combustion engines, igniting magnetos for engines, aeroplane engines, aeronautical engines, engines for air cushion vehicles, motors for boats, compressed air engines, exhausts for motors and engines, exhaust manifolds for engines, silencers for motors and engines, electric motors other than for land vehicles, injectors for engines, glow plugs for diesel engines, filters for cleaning cooling air (for engines), pistons (parts of machines or engines), taps (parts of machines, engines or motors), belts for motors and engines, superchargers, fans for motors and engines, fuel economisers for motors and engines, anti-pollution devices for motors and engines, speed governors for machines, engines and motors, control cables for machines, engines and motors, control mechanisms for machines, engines and motors, fan belts for motors and engines, cylinders for motors and engines, fuel conversion apparatus for internal combustion engines, radiators (cooling) for motors and engines, hydraulic controls for machines, motors and engines, pneumatic controls for machines, motors and engines, alternators, transmission shafts (other than for land vehicles), self-oiling bearings, grease rings, piston rings, dynamo brushes, bicycle dynamos, ball-bearings, carburetors, card clothing (parts of carding machines), dynamos, igniting magnetos, pneumatic hammers, transmissions other than for land vehicles, freewheels (other than for land vehi

(511) **Klasse 09:** Scientific, geodesic, photographic, cinematographic, optical, measuring, signaling, checking (supervision) apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound and images; automatic vending machines and mechanisms for coin-operated apparatus; computer game programs, data processing equipment and computers; particularly anti-glare visors, simulators for the steering and control of vehicles, sunglasses, kilometer recorders for vehicles, protective helmets, protective helmets for sports, furnaces for laboratory experiments, furniture especially made for laboratories, stills for laboratory experiments, chemistry apparatus and instruments, crucibles (laboratory).

(511) **Klasse 12:** Motor vehicles, vehicles for locomotion by land, air, water and rail, motor vehicles for towing, motorcycles, mopeds, cycles, automobiles, sport vehicles, wheelchairs, goods handling carts, electric vehicles, cycle cars, delivery tricycles, ambulances, air cushion vehicles, water vehicles, motorboats, tractors, air vehicles, aeroplanes, caissons (vehicles), space vehicles, trailers (vehicles), caravans, side cars, camping cars, parts and equipment for motor and other vehicles, propulsion mechanisms for land vehicles, clutches for land vehicles, axles for vehicles, axle journals, couplings for land vehicles, shock absorbing springs for vehicles, automobile hoods, vehicle chassis, automobile chassis, hoods for vehicle engines, hoods for vehicles, crankcases for land vehicle components (other than for engines), hydraulic circuits for vehicles, gearing for land vehicles, particularly gears for bicycles, cycles and motorcycles, brakes, rims, jet engines for land vehicles, motors and engines for vehicles, motors for motorcycles, screw-propellers, vehicle wheel spokes, spoke clips for wheels, vehicle suspension springs, undercarriages for vehicles, turbines for land vehicles, brake linings for vehicles, brake shoes for vehicles, frames for bicycles, cycles and motorcycles, transmission chains for land vehicles, torque converters for land vehicles, reduction gears for land vehicles, connecting rods for land vehicles (other than parts of motors and engines), transmission shafts for land vehicles, bodies for motor vehicles, motorcycles and other vehicles, inner tubes for pneumatic tires (tyres), repair outfits for inner tubes, air pumps (vehicle accessories), suspension shock absorbers for vehicles, non-skid devices for vehicle tires (tyres), anti-skid chains, trailer hitches for vehicles, automobile chains, valves for vehicle tires (tyres), direction indicators for bicycles, cycles and motorcycles, mudguards, vehicle wheels, screws (propellers) for ships, rudders, safety belts for vehicle seats, hubs for vehicle wheels, chains for bicycles, treads for vehicles (tractor type), treads for vehicles (roller belts), vehicle bumpers, bicycle tires (tyres), cranks, hubs, pedals, air pumps, spokes, bicycle saddles, saddles for cycles and motorcycles, bicycles, cycles and motorcycle stands, gearing for land vehicles, trolleys, electric motors for vehicles, balance weights for vehicle wheels, hub caps, blockade for vehicles, refrigerated vehicles, treads for retreading tires (tyres), solid pneumatic tires (tyres) for vehicle wheels, tires (tyres) for vehicle wheels, saddles for bicycles, cycles and motorcycles, vehicle seats, windows for vehicles, anti-theft devices for vehicles, automobile tires (tyres), shock absorbers for automobiles, horns for vehicles, inner tubes for bicycles, cycles and motorcycles, transmission gears for land vehicles, driving chains for land vehicles, direction signals for vehicles, steering wheels for vehicles, saddle covers, tubeless tires (tyres) for land vehicles, safety belts, casting carriages, ladle carriages.

(511) **Klasse 18:** Leather and imitations of leather, goods made of these materials not included in other classes; trunks and travelling bags; umbrellas, parasols; attaché cases, purses, suitcase handles, straps of leather, valises, card cases (notecases), backpacks, casings of leather for springs, bands of

leather, travelling bags, travelling trunks, boxes of leather or leather board, imitation leather, leather, unworked or semi-worked, tool bags of leather (empty), leather laces, leather thongs, leather thread, leather straps, kidney protector belts; stirrups of metal.

(511) **Klasse 25:** Clothing, footwear, headgear, particularly caps (headwear), motorists' boots with extra reinforcement and sliders, overalls, combinations (clothing), clothing of imitations of leather, clothing of leather, clothing of leather with integrated guards and sliders, clothing of durable materials with integrated guards, linings for motorists' clothing, motorists' clothing, motorists' footwear, sportswear, non-slipping devices for boots and shoes, motorists' gloves with extra reinforcement.

(511) **Klasse 28:** Games and playthings; sporting articles not included in other classes, particularly radio-controlled toy vehicles and miniature motorcycles, scale model vehicles and motorcycles, games other than those adapted for use with an external display screen or monitor, amusement machines, automatic and coin-operated, apparatus for games other than those adapted for use with an external display screen or monitor, shin guards, knee guards (sports articles), elbow guards (sports articles), mobiles (toys), protective paddings (parts of sports suits), counters/discs for games.

(511) **Klasse 35:** Commercialization of goods, commercial management assistance, business inquiries, bill-posting, cost price analysis, dissemination of advertising matter, demonstration of goods, updating of advertising material, distribution of samples, marketing research, business appraisals, business research and inquiries, business organization consultancy, publication of publicity texts, marketing research, computerized file management, professional business consultancy, economic forecasting, business information, sales promotion (for others), secretarial services, systemization of information into computer databases; brokerage in sale of fuels, ores, metals and technical chemicals, brokerage in sale of machines, industrial equipment, ships and aircrafts, commercialization of motor vehicles, particularly motorcycles, commercialization of spare parts and supplementary equipment for motor vehicles, particularly for motorcycles; organization of exhibitions for commercial or advertising purposes.

(511) **Klasse 37:** Maintenance and repair of motor vehicles, particularly motorcycles, car wash, motor vehicle wash, boiler cleaning and repair, burner maintenance and repair, air conditioning apparatus installation and repair, vehicle greasing, machinery installation, maintenance and repair, plumbing, vehicle polishing, retreading of tires (tyres), riveting, anti-rust treatment of vehicles, vehicle service stations, car maintenance, vehicle maintenance, varnishing, vehicle cleaning, vehicle repair, rental of cleaning machines, repair information, vulcanization of tires (tyres) [repair], computer hardware (fitting), rebuilding engines that have been worn or partially destroyed, rebuilding machines that have been worn or partially destroyed, airplane maintenance and repair.

(511) **Klasse 39:** Transport, particularly car transport, marine transport, passenger transport, air transport, ambulance transport, hauling, transportation information, vehicle towing, car rental, carting, car parking, warehousing, rental of warehouses, garage rental, parking place rental, vehicle rental, coach rental, truck rental, rescue operations (transport), taxi transport, freight forwarding, freight brokerage, transport brokerage, chauffeur services, courier services (messages or merchandises), rental of motor racing cars, rental of wheelchairs.

(511) **Klasse 40:** Metal treating, metal tempering, metal casting, magnetization, soldering, pattern printing, engraving, laminating, grinding, nickel plating, laser scribing, vulcanization (material treatment).

(511) **Klasse 41:** Education; sporting and cultural activities, particularly planning and organization of social gatherings and sport events, charity events, sport events and competitions, entertainment information, arranging and conducting of seminars, arranging and conducting of conferences, congresses and symposiums, organization of competitions (entertainment and education); vocational guidance.

(511) **Klasse 42:** Chemical analysis, chemical research, chemistry services, construction drafting, technical research, industrial design, material testing, engineering, technical surveillance, technical drawing, computer programming, mechanical research, computer software design, updating of computer software, graphic arts designing, quality control, rental of computer software, research and development (for others), computer systems analysis, consultation in environment protection, rental of computer access time for using the data.

Rettelser

VR 2006 02282

Fjernet „tjenesteydelser“ fra klasse 37.

VR 2009 00124

I klasse 44 er fjernet: „Optikervirksomhed, oftalmologisk virksomhed og optometristvirksomhed herunder information vedrørende brillestel og linser stillet til rådighed online fra en computerdatabase eller fra internettet samt tilpasning af briller og brillestel og udførelse af synsprøver; sundheds-klinikker, medicinske klinikker og medicinske laboratorier; sundhedspleje, herunder“.

VR 2009 01125

Prioritetsdato er rettet til 5. november 2008.

MP952716 er fejlagtigt blevet publiceret i Tidende nr. 19/2009 jvf. VML´s §32.

Klassefortegnelse

International klassifikation af varer og tjenesteydelser
(Nice Arrangementet) 9. udgave - 2007

Varer

Klasse 01: Kemiske produkter til industrielle, videnskabelige og fotografiske formål samt til anvendelse i landbrugs-, havebrugs- og skovbrugsøjemed, kunstig harpiks i rå tilstand, plastic i rå tilstand, gødning, ildslukningsmidler, præparater til hærdning og lodning, kemiske konserveringsmidler til levnedsmidler, garvestoffer, bindemidler til industrielle formål.

Klasse 02: Maling, fernis, lak, rustbeskyttelsesmidler og træimprægningsmidler, farvestoffer, bejdsemidler, naturlig harpiks i rå tilstand, bladmetaller og metalpulver til brug for malere, dekoratører, bogtrykkere og kunstnere.

Klasse 03: Blegemidler og andre midler til vask og rensning af tøj, præparater til rengøring, polering og fjernelse af pletter, sæbe, parfumerivarer, æteriske olier, kosmetiske præparater, hårvand, tandplejemidler.

Klasse 04: Olier og fedtstoffer til industrielle formål, smøremidler, midler til absorption, fugtning og binding af støv, brændstoffer (herunder motordrivmidler) og belysningsstoffer, lys og væger til belysning.

Klasse 05: Farmaceutiske og veterinærmedicinske præparater, sanitære præparater til medicinske formål, diætetiske præparater til medicinsk brug, næringsmidler til spædbørn, plastre og forbindsstoffer, materiale til tandplombering og til tandaftryk, desinfektionsmidler, præparater til udryddelse af skadedyr, svampe- og ukrudtsdræbende midler.
